

## A PUBLIC SERVICE PUBLICATION

Few lines of Business have such a varied clientele as has the City Directory. It serves high and low, rich and poor, with equal impartiality and with profit to all.

It answers the questions What? and Who? which arise in daily Business and fills a position occupied by no other publication under the sun. It is often used from its issue until it falls to pieces and seldom will you find one entirely discarded while its leaves cling together. A publication which is used so universally and whose life is so long, must appeal to every shrewd business man as a most desirable advertising medium.

## NEWPORT GENERAL DIRECTORY

## The Return Circuit in Advertising

*The circuit must be completed before the bell will ring  
The Buyer must find the Seller before a Sale is made*

**Creative Advertising**—in newspapers, maga-  
zines, billboards etc., tends to suggest wants and to  
create desire.

Before a sale results the initiative must pass from  
Seller to Buyer.

When this happens the Buyer begins actively to  
seek where he can best supply his wants.

**This Directory** is a logical place to look (at least  
our subscribers tell us they use it for this purpose) and  
the Reference Advertising herein has assisted many  
sales.

Have you made it easy for Buyers to find **You?**

Directories*

### COMPILING DEPARTMENT

The City Directory has become a universal necessity in looking up new prospects, in purchasing supplies, and in marketing products. Our experience of over eighty-five years—our reputation for accuracy, our large force of experienced help and our complete equipment for the work, all guarantee the best in directory compilation.

### ADVERTISING DEPARTMENT

Put—"We are listed in the Directory" in all your advertising copy. Addresses are often forgotten or mislaid, though the name is remembered. The firm that is properly registered in all branches of its industry is wise. Don't forget that directory advertising supplements and rounds out all your other advertising by giving the most explicit directions how to find you.

Ask Sampson & Murdock Company  
about the City Directory, the book of many uses.

**CLEERCOAL**

IMPORTED

**the modern anthracite**

The more *heat units* you get in coal,  
the less ash you shovel out of the  
heater.

Cleercoal is better than 95 per cent.  
PURE. It actually leaves less than  
a barrel of ash to the ton.

A single ton will convince you that  
Cleercoal produces 20 to 30 per cent.  
more heat per shovelful than any other  
anthracite.
